Big Strike On In Ohio City—St. Louis  
Bakers May Also Quit  
Work.

(Associated Press)  
New York, Aug. 11—After deliberating the greater part of the night the federal board of mediators is no nearer a solution of the deadlock between the four Brotherhoods and the railway companies of the country. It is reported that the railroads refuse any concession other than arbitration and the men stand for unequivocal granting of an eight-hour day and time and a half for overtime. It is reported the federal board may ask Wilson to intervene.

### ANOTHER MILK STRIKE.

Cleveland, Aug. 11—350,000 people here were without their usual supply of milk today as a result of the strike of drivers of the Telling Bell Vernon Co., the largest in the city. Drivers of another firm supplying 10,000 people are expected to strike. Hospitals and baby dispensaries received milk without interference.

### MAY SPREAD IN ST. LOUIS.

St. Louis, Aug. 11—The strike and lockout of milk wagon drivers today threatened to extend to a strike of bakers and ice manufacturers.

Was Compelled to Stop Frequently at  
 Fargo, N. Dak.

(Associated Press)  
Fargo, N. D., Aug. 11—Hughes left early today for Billings, Mont., to deliver an address tonight. He will stop at several places en route for short talks, including Medora, N. D., where Roosevelt spent part of his early life on a ranch. The strain of campaigning has seriously affected his voice, which was so hoarse at times in his speech here last night that he had to stop frequently.

## Amusing Sidelights Of Storm; Sprinkling Signal Was Given

The storm, with all it caused great damage in Dixon and vicinity, furnished some amusing circumstances. For instance, Tim Sullivan, E. B. Raymond and H. H. Heinze and others were caught at the Country club grounds where they had gone to participate in the driving contest. Not to be denied the object of their trip they drove around in the rain awhile; then when they found the street cars were not running, they walked back to town through the fields in the midst of the "driving" rain. Tim Sullivan set the pace by coming home barefooted.

## ITALIANS CONTINUE SUCCESS IN AUSTRIA

IMPORTANCE OF VICTORY AT  
GORITZA BECOMES MORE  
IMPORTANT HOURLY

### RUSS ADVANCE CONTINUES

(Associated Press)  
Rome, Aug. 11—The importance of Italian successes around Gorizia becomes more evident hourly. The battle is continuing behind the city over a front twelve miles long, while the Austrians are attempting to reform their front on a line from Vipava to Tarnova.

### Russians Take Town.

Petrograd, Aug. 11—Russians advancing on the Sereth river in Galicia have entered the town of Monasterzycka, northwest of Stanislaw.

### British Progressing.

London, Aug. 11—North of Bazentin-Petit and northwest of Pozieres the British have made further progress.

### French Start Bombardment.

Paris, Aug. 11—The French have opened a heavy bombardment on German positions north of the Somme.

### Aerial Raids.

Berlin, Aug. 11—A squadron of German aeroplanes on the afternoon of Aug. 9 attacked with bombs British monitors and light forces off the Flemish coast, obtaining several hits. On the same day Russian aeroplane stations on the Island Oesel, off the Gulf of Riga, were attacked by German air squadrons with good results.

Assembly campers have recovered nicely from the terrific storm of yesterday.

The storm broke just as Hon. Frank Plumley was finishing his address. Many rushed from the auditorium to their tents and the hotel, many being drenched before reaching shelter. A few tents were blown down and nearly all were flooded. Old timers say the storm was the worst in the history of the Assembly.

### Concert Called Off.

Because the lighting system was put out of business the program for last night was called off. Ed. R. Weeks & Co. were compelled to cancel this part of their program and left today for Litchfield. They intended to motor to Mendota after the storm, but were unable to do so.

All through the park branches of trees are lying. All the streets were filled with water and young people enjoyed bathing in the principal avenues, staying out during the rain. Several remained in the river during the storm, declaring afterward that they had the time of their lives.

A number of campers were compelled to get rooms at the hotel.

This morning the park was filled with bedding on the lines.

Several autos were stuck in the mud. Harley Cortright had two autos mired so deeply he had to call for assistance.

Fulfs' lunch stand outside the gate was completely demolished. The one across the street was also blown over. The stand was not occupied. Three men seeking shelter, were sitting in the vacant stand when it fell, narrowly escaping injury.

Fulfs brothers are doing business this afternoon.

During the storm young men in bathing suits went from tent to tent driving stakes to prevent the wind from blowing the tents over.

A young lady guest of Rev. and Mrs. Zimmerman, who had been in the Omaha storm several years ago, was so badly frightened she fainted. After the storm she explained that she expected another such storm and lost her self-control.

## REACH COMPROMISE IN COLONY STRIKE

LABORERS ACCEPT 33 1-3 CENTS  
AN HOUR AND RETURN  
TO WORK.

The common laborers' strike at the state epileptic colony came to an end Thursday when Wm. Allen compromised with the strikers to pay 33 1-3 cents per hour. The laborers originally asked for 37 1/2 cents per hour. However, all the contractors balked at this. After a union meeting the laborers agreed to take 35 cents per hour, but after a conference with the contractors they compromised at 33 1-3 cents, and as a result all are back at work this morning.

## PLUMLEY TO OCCUPY PULPIT AT ST. JAMES

FAMOUS VERMONT WILL BE  
HEARD NEXT SUNDAY  
MORNING.

The members of the congregation of St. James Lutheran church will have the opportunity Sunday morning to hear a most interesting man, Hon. Frank Plumley of Northfield, Vt., four times congressman from Vermont and chosen mediator when the United States acted as arbitrator in the dispute between Venezuela, England and Holland, and in the dispute between Venezuela and France. He again acted as umpire. Mr. Plumley is thoroughly conversant with life in the South American countries and his address Thursday afternoon at the Rock River Assembly was one of the treats of the season.

ORGANIZE.

This morning when interviewed by a Telegraph reporter Atty. W. G. Kent refused to say anything about the mining project he and Sam Rubenstein are interested in in Ogle county. However, after some questioning, he admitted the first steps had been taken to carry out the scheme, and also admitted he had had much experience in mining and would promote the scheme to the limit of his knowledge. He further stated that they had received a charter to incorporate and will sell stock.

### SUBSCRIBERS MUST PAY UP AT ONCE.

Subscribers to the Telegraph are asked to see that their subscriptions are paid up. In case of those who receive their paper by mail the little yellow tag will show whether there are any arrearages, and local subscribers may learn their standing from this office or the circulator.

The tremendous increase in the cost of print paper and other material makes it imperative that all subscriptions be paid up; and the Telegraph is forced to adopt the measures being taken by all other papers: subscribers who are in arrears will be dropped from the list.

## JAYNE WILL VISIT DIXON IN FEW WEEKS

MONMOUTH'S CANDIDATE FOR  
SECRETARY OF STATE  
COMING HERE.

### IS GOOD ROADS BOOSTER

Howard Jayne, a manufacturer of Monmouth, Ill., and a "Good Roads" booster, is one of the leading candidates for the republican nomination for secretary of state, and E. D. Powell, who was in Dixon today representing Mr. Jayne, says the Warren county man has an exceptionally strong following and a good organization, chiefly in the northern part of the state, although his support in every quarter is increasing daily.

Mr. Jayne is a manufacturer of "Good Roads" machinery and has been in the business for a number of years. He has boosted the roads issue and has talked all over the state on this important subject. Last spring he addressed the annual meeting of the state highway commissioners and town clerks at Peoria and following his talk the association gave him its unanimous endorsement for secretary of state.

One of the chief planks in Mr. Jayne's platform is the return of the automobile tax to the county, where it rightfully belongs, and applied on Good Roads. He also wants to run the state house and state affairs on a more business-like policy, declaring that there is an enormous worthless expenditure at the capitol each year. For instance, in 1913 it cost the state over \$40,000 for watchmen at the state house.

Mr. Jayne is making a tour of the northern half of the state and expects to visit Dixon within a week or so. He will be glad to meet all republican voters while here. Mr. Jayne declares he is going to win the nomination fight, and he promises to give Illinois people an honest, business-like administration as secretary of state.

Not for fifty years has the northern part of the state had a representative at Springfield as secretary of state, and Mr. Jayne's followers feel that it is time this section is represented in this office.

# CLOUDBURST FLOOD SCITY

## COMMUNITIES NORTH AND EAST VISITED BY SIMILAR STORM

DAMAGE IN ROCKFORD, FREE-  
PORT, OREGON AND VICIN-  
ITIES REPORTED.

### STERLING HAD LITTLE WIND

Gale Seems To Have Avoided White-  
side County Line—Crops  
Are Damaged.

Reports from the territory north and northeast of Dixon indicate that those communities experienced severe damage in the storms of Thursday evening, the second storm which broke after the supper hour creating the greatest havoc.

Because so many telephone and telegraph lines were blown down complete reports of the damage are not obtainable today. Reports from Rockford, via Chicago, indicate heavy losses. Many farm buildings in the vicinity of Rockford were demolished and much stock was killed, while a number of houses were unroofed. Hay, wheat and oat stacks were blown away and all corn was blown to the ground. At Rockford a crowd at the Quincy-Rockford baseball game had just left the grandstand when the structure was blown away.

### In Freeport.

In Freeport, Haldane, Polo, Mt. Morris and Oregon the damage caused by the elements was similar to that in Dixon; trees were blown down, houses were unroofed and the lowlands flooded.

### East of City.

East of this community the effects were practically the same. Corn has been leveled along the North Western from Dixon to Maple Park, while west of Rochelle a big farm house was struck by lightning and burned to the ground. Passengers on westbound trains who detained here report seeing the house burning.

### Sterling Escaped.

The severity of the storm seems to have been confined to a section between Nelson and Maple Park. Sterling experienced very little wind, although there was a heavy rain, and none of the corn is beaten down between the Palmyra township line and Sterling.

### In Central Illinois.

An inch and a half of rain fell at Bloomington, breaking a drought of six weeks. It was of great benefit to the corn crop.

### ROOSEVELT TO AID HUGHES

Will Open Speechmaking for Repub-  
lican Nominee in Maine.

New York, Aug. 11—Colonel Roosevelt will make his first campaign speech in behalf of the candidacy of Justice Hughes in Lewiston, Me., on Aug. 31. This was announced after a conference between John McGrath, Colonel Roosevelt's secretary, and Frank J. Ham, Republican state chairman of Maine.

Colonel Roosevelt's speech will deal only with national issues, it was announced, with the promise that it will be one of the strongest arguments in the fight being waged between Republicans and Democrats for victory in Maine.

Gun Easily Reached.

Centralia, Ill., Aug. 11.—Doris Kelly, nine, was shot and seriously wounded by her brother, William, eleven, while their mother was away from home. The boy says the shooting was accidental, and is corroborated by his sister.

The boy said he saw the gun sticking out of a wardrobe, and in putting it away it went off. His sister, lying in a bed, was shot in the body. The bullet passed through the body and was found on the bed.

## OVER FOUR INCHES OF WATER FELL IN BAD SUMMER STORM

RAIN, PRECEDED BY GALE, FELL  
OVER VICINITY THURS-  
DAY EVENING.

### INDIVIDUAL LOSSES SMALL

Trees Blown Down Wrecked Tele-  
phone and Electric Light  
Wires.

The torrid dry period of weather under which Dixon and vicinity have suffered was broken Thursday afternoon by the worst summer storm of many years. A high gale, followed by a near-cloudburst, accompanied by severe lightning, broke over this section at 3:30 o'clock.

The gale and torrent came simultaneously and within five hours four and one-tenth inches of water fell, the greater part coming in the first two hours.

### Second Storm Breaks.

There was a lull in the storm at 5:30; a second storm came later, the latter, however, not being as severe as the first.

### Damage to Corn.

The greatest damage, of course, was to the corn. In all of this section and far east and north the corn was blown flat to the ground and heavy rain beat it into the ground to such an extent that it is believed not over half of it will straighten up.

However, farmers say they will get about half a crop of corn, and the rest will make good fodder.

Creeks, ravines and ditches were flooded with the torrent and in many narrow, deep ravines, which were dry before the storm, the water rose to a height of five feet during the flood.

Property damage was not great in any individual case, and as far as can be learned there were no personal injuries.

### Ice House Destroyed.

Probably the largest individual damage was suffered by the Dixon Pure Ice Co. in the destruction of its east ice house on River street. The high wind crumpled the building over onto the railroad tracks, completely demolishing it. Manager Watson stated this morning that the building was valued at about \$8,000 and he had \$2,000 wind insurance on it. The building is now worth only what the broken and splintered lumber will bring.

### R. R. Crew's Escape.

The switching crew of the North Western railroad was marooned up the river by the collapse of the ice house, as the ruins completely blocked the belt line, preventing their return from the cement plant, where they had been working. The crew had a very narrow escape from going into the river for, after the water had subsided, it was found that the north rail had been washed out not ten feet from the place they had stopped. Had the locomotive and its string of cars run into the washed-out rail, the train and its workers would undoubtedly have tipped over into the river.

### Railroad Troubles.

Both the Chicago and North Western and Illinois Central railroads suffered because of the storm. A culvert on the North Western about half a mile west of the McRoberts crossing washed out, the rain having assumed the proportions of a cloudburst west of this city. Huge stones were washed out of the culvert by the torrent flowing down hill and through it, the east bound main tracks being completely undermined. Local trains were sent over the westbound main, while the fast mail and through passengers and freights have been sent over the cut-off today.

The main track of the Illinois Cen-

STRIKE BOARD TAKES  
UP DEMANDS OF MEN

Union Workers Not Inclined to  
Modify Their Proposals.

New York, Aug. 11.—The United States board of mediation and conciliation held its first conference with the representatives of the four railroad brotherhoods of employees in its efforts to prevent through mediation a country-wide strike to enforce the employes' demands for an eight-hour basic day and time and a half for overtime.

The mediators, as was the case at the first conference with the railroad managers, sought to learn from the men how far they were willing to go in making concessions which would bring both sides to common ground as a basis of settlement.

The brotherhood chiefs told them, it was learned, they were still firm for their demands as originally presented to the railroads. While expressing their appreciation of the efforts of the mediators, it was said that they informed them that they saw little chance of reaching a satisfactory adjustment.

MOTORCYCLES.

A motorcycle is a bicycle with a pandemonium attachment, and is designed for the especial use of mechanical geniuses, daredevils and lunatics.

The motorcycle is equipped with a motor small enough to be put in a big pocket and loud enough to fill a Colosseum comfortably. This motor is connected with the rear wheel of the bicycle, and when it is in the mood, will revolve the wheel with tremendous speed, thus causing the bicycle to proceed hither and yon over buggies, pedestrians, fences and small out-buildings.

A motorcycle is really a miniature automobile with a full sized noise, smell and dirt output. It is not started by cranking, however, but by pedaling the whole machine along the road until the motor emerges from its coma and gets on the job. An automobilist can be detected by his vast overhanging shoulders and calloused hands. A motorcyclist, however, may have arms like pipestems but his legs are seven sizes too large for him.

A motorcycle is not as comfortable as a camel or a lumber wagon, but it is very swift, and there is nothing that feels more like flying than to ride a large baritone motorcycle over the country roads at fifty miles an hour, leaping lightly from bump to bump—except to leave the machine when it strikes a rock and to soar swiftly through the unstable atmosphere until some jagged section of the United States interferes with further progress.

Motorcycles are very useful and have almost annihilated distance and cheap clothes. They should be ridden in costume, except by very wealthy and careless men. A pair of leather pants with asbestos lining and a two-bushel big pocket for tools, a padded vest, heavy gloves, a pair of goggles, and nose and shin guards make a useful rig for the cyclist. Dressed in this fashion the enthusiast can enjoy himself to the full as he caroms from tree to tree and gorges himself with dust, oil and excitement.

Motorcycles are not as fatal to pedestrians as automobiles because they can only run over him with two wheels. But they should be treated with respect at all times and should not be interfered with when in a hurry.

Marvelous records are made by intrepid mahouts who have driven large double-barreled motorcycles 99 miles an hour on a board track, and most of the way up the golden stair in one hour by the clock.

Motorcycles are much cheaper than automobiles, and there seems to be no practical remedy for this, as the industry is unfortunately not in the hands of a trust. A good machine can be purchased for \$150. However, if the devotee does not possess \$150 he can get almost as good results by drinking a little lubricating oil, inhaling a vacuum cleaner and setting off two bushels of firecrackers between his legs.

AUSTRIA ADMITS GORITZ FALL

Italians Advance Five Miles Beyond  
Captured Stronghold and Take Two  
More Towns—Nearly 25,000 Prisoners  
and Huge Quantity of Materials  
Are Taken.

Vienna, Aug. 11.—The war office admits the fall of Goritz in the following statement:

"Owing to the evacuation of the bridgehead the town of Goritz was given up. After repulsing fresh Italian attacks along the Doderdo Plateau we straightened our line without hindrance by the enemy. In this region we have captured 4,100 Italians in the past few days. Six of our guns were not saved from the Goritz bridgehead.

"Italian attacks against Zagora and the heights east of Plava were broken up. Italian attacks in the Dolomites, in the Pasubio district, failed."

Victor Emmanuel at Goritz.

Rome, Aug. 11.—With King Victor Emmanuel and the Duke of Aosta, commander of the Italian third army, established in headquarters in the captured Austrian city of Goritz, the sweep of the Italians into Austria continued for a distance of more than five miles beyond the fortress.

25,000 Prisoners Taken.

Almost 25,000 prisoners have been taken by the forces of the Duke of Aosta, together with vast stores of supplies. Guns have been captured in whole batteries and a constant stream of captured Austrians and trains of booty is pouring over the border.

The Austrians are reported to have abandoned all their positions on the Isonzo and Carso fronts following the fall of Goritz. Pursued at every step of the way, the Austrians fled in the direction of Trieste, which is now the chief objective of the Italians.

Take Two Villages.

The Italians charged the Austrian positions northwest of Mone. St. Michele, on the Carso plateau, and captured the villages of San Martino and Boschnil, according to the official report issued by the war office.

## Society Notes and Club Doings in Dixon and Vicinity

### Women's Column

We will give each day in this column a cooking recipe or a household hint or two. The recipes have been furnished by Dixon women and each one has been tested and found good.

#### Cream Pie

One tablespoonful melted butter; two tablespoonfuls of flour; one-half cup sugar (scant); Mix these well. Yolks of two eggs beaten; one-half cup sweet milk. Cook all these in double boiler until quite thick. Let cool, add vanilla. Put into crust with meringue made of the whites of two eggs. Put in oven to set meringue.

#### At Peterson Home

William Olson of Seneca, Ill., is being entertained at the home of his sister, Mrs. J. J. Peterson.

#### To Visit in Iowa

Miss Nellie Ryan of Hamon left Tuesday morning for an extended visit with her brother in Wolcott, Iowa, and with friends in the western states.

#### To Oregon

Miss Gladys Emerson will return Monday to her home in Oregon, accompanied by her cousin, Miss Marjorie Leslie, whose guest she has been in Dixon.

#### Guests of Campers

Miss Vera Steacy and Miss Sylvia Kelly will spend Sunday as the guests of Miss Edna Decker, who with her parents, is camping in the Espy houseboat off Lowell Park.

#### Entre Nous Circle

Mrs. Fred Hoberg of College Avenue pleasantly entertained the members of the Entre Nous Circle at her home yesterday, serving dainty refreshments of cream and cake at the close of the afternoon.

#### From California

Mr. and Mrs. M. T. Spencer of San Diego, California, who have been visiting with friends in Amboy and Dixon, since May 17th, are now guests of Mrs. John Feltes of North Dixon, and will probably remain in Dixon two or three weeks longer. Mr. Spencer is an old soldier, a member of Company A of the Fifth Michigan Infantry.

J. E. Moyer went to Grand Detour today.

### Calendar Events

#### Visiting in Clinton

Miss Dolly Fauth has gone to Clinton, Iowa, to be the guest for a week or ten days of Miss Effie Spalding.

#### Guest of Cousin

Miss Stella Olson of Lincoln, Neb., is visiting her cousin, Miss Vera Peterson.

#### To Lake Geneva

Rev. and Mrs. E. C. Lumsden and son Newell go to Lake Geneva, Wisconsin, Monday. During the week Dr. Lumsden will give five Bible readings at the Epworth League institute at Conference Point.

#### At Methodist Parsonage

The wedding of Lloyd Gascoigne and Miss Jessie May Campbell, both of near Amboy was solemnized Tuesday afternoon at 2:30 o'clock at the parsonage of the Methodist church. Rev. E. C. Lumsden, the pastor, read the service. Mr. and Mrs. Charles Gascoigne accompanied the bride couple. They will make their home on a farm near Amboy.

#### Pleasant Social

A very enjoyable time was had by the two hundred people who gathered at the John Strub home in South Dixon in attendance at the ice cream social given by the ladies of the Zion Lutheran church. Outdoor games and amusements were enjoyed by the younger people while their elders spent their time in general sociability. Much ice cream was sold. Early in the evening the following delightful program was given:

Baritone solo, Claude Sweitzer.  
Reading, Mrs. Joseph Geiger.  
Song, Daniel Strub.  
Reading, Mrs. L. Woods.  
Vocal Solo, Mrs. J. Strub.  
Vocal Solo, Frank Noonan.  
Reading, Mrs. Trotter of Dixon.

#### Domestic Science Club

Although brought to an abrupt ending by the threatening storm so that no plans could be made for the next meeting, the program of Thursday's meeting of the Domestic Science Club of Walton was carried out as planned. The attendance was large and the meeting very interesting and helpful. "The Prevention of Diseases in Rural Communities," an article written by a celebrated doctor of Washington, D. C., was read by Mrs. Carl Ackert, and had many valuable suggestions in regard to wells, etc. The program closed with a charming vocal duet with a violin obligato by Misses Hazel and Irene Lally, with Miss Catherine Lally, violinist. These accomplished young ladies are sisters. The number rendered was "Sympathy."

#### Honored by Banquet

Honorable Frank Plumley, who gave such an excellent address at the Assembly Thursday afternoon, was honored by a number of his friends and relatives by a banquet given that evening at the Nachusa Tavern. Six automobile loads of friends and relatives, who came from a distance to hear him speak, were present. Congressman Plumley is from Northfield, Vermont, and is a cousin of Mrs. L. Woods of this city, wife of Rev. L. Woods, pastor of the South Dixon Lutheran church. Mr. Plumley was sent from his district in Vermont four times to Congress and was made mediator in the arbitration by the United States of two Venezuelan disputes, between Venezuela and European nations, and is an exceedingly interesting man.

Among those present besides the guest of honor were: Mr. and Mrs. A. D. Hopps and daughter Gay, Clifford Hopps, Mr. and Mrs. Stephen Hopps, Mr. and Mrs. I. W. Hopps and daughters, Hester and Alida, and Captain D. C. Smith, all of LaMoille, Ill.; Mrs. Elizabeth Dix Childs, Mrs. A. C. Kendall, and E. Wallace Kendall and daughters, Mrs. Julian and Miss Alberta Kendall, of Waterloo, Iowa; Miss Plumley of Northfield, Vt.; Mrs. E. W. Ponzner and sons Ernest and Howard of Palo Alto, California; Mrs. A. C. Irwin and daughters Colene of Chicago; Rev. and Mrs. L. Woods, daughters Mary Morrison and son Wendell of this city; Miss Stigelmeyer of Princeton, Ill.; and Miss Nellie of Arlington, Ill.

#### Week-End in Chicago

Miss Gladys Steel went to Chicago Thursday morning to spend over Sunday with friends.

#### From Chicago

Attorney A. Hamilton will come out from Chicago Saturday evening to join his family here as guests at the Philip Woolver home.

#### Motor Party

Mr. Swanlund of Mendota was a guest Wednesday at the home of Mr. and Mrs. Robert Nelson. In the evening a motor party, composed of Mr. Swanlund, Misses Ada Brink, Dolly Fauth, and Pauline Brass, and Mrs. Nelson, was formed, and the drive to Sterling taken.

#### Girton-Edwards Wedding

Lee County Times, (Pawpaw): A very quiet wedding was solemnized last Thursday afternoon, August 3, at 4 o'clock, at the Baptist parsonage in Sycamore, when Miss Ruth Edwards and Mr. Thornton M. Girton, both well known young people of Pawpaw were married by Rev. L. D. Weyand.

The couple left Pawpaw by auto accompanied by Mrs. Ida Girton and Mrs. Rosella Edwards, the respective mothers.

The bride was becomingly gowned in a navy blue suit with blouse of Georgette crepe.

Immediately after the ceremony the bridal party drove to St. Charles where the mothers took the train for home and the newlyweds motored to Chicago where they remained for a few days and then left for an auto trip to the Wisconsin lakes. They will return to Pawpaw in about two weeks and will make their home with Mr. Edwards.

Mr. and Mrs. Girton will be at home to their friends after September 1. The young people have lived all of their lives in this community and have hosts of friends who wish them happiness and prosperity. Mr. Girton is employed at the Edwards & Case store.

#### Home From Chicago

Atty. and Mrs. E. H. Brewster and children and Miss Katie Blum have returned from a few days spent in Chicago.

#### WITH JOLIET THEATRE

Arthur Freeland, pianist and organist at the Family Theatre, will go soon to Joliet to take a position at the Lincoln theatre, which is being remodeled and when completed will be very much like the Strand theatre, Chicago. An orchestra of twelve pieces and trrios of vocalists will be regular institutions of the theatre, and Mr. Freeland will accompany the orchestra on piano and play the organ in accompaniment of the moving pictures. Mr. Freeland expects to leave Dixon a week from Saturday.

#### Mystic Workers

The Mystic Workers will hold their regular meeting this evening in Miller's Hall at 8 o'clock. The regular business will be transacted. Drillmaster Beckingham has just returned from the School of Instruction, and will give a report this evening. All Mystics should be present. PERCY W. BUSBY, Press Correspondent.

#### Hot Polloi Club

The Hot Polloi Club will meet the coming Tuesday with Miss Marie Madden.

#### Guest at Baughman Home

Mrs. A. B. Emmatt of Sterling is here, the guest of her sister, Mrs. H. T. Baughman, for a few days while attending the Assembly.

#### To Visit Friends

Mr. and Mrs. Al Hess, former Dixon residents, are here from Chicago on a visit. Mr. Hess is connected with the Carson, Pirie, Scott & Co. firm of Chicago.

#### With LaSalle Friends

Misses May and Eva Peterson are enjoying a two weeks' visit with friends and relatives in La Salle and Peru.

Mr. and Mrs. Will Harshorn were here today from Nelson.

### Be Careful in Using Soap on Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mul-sified coconut oil, for it is pure and entirely greaseless. It's very cheap, and costs the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

**COLONY NEWS**

Work on the tunnel at the Colony  
was held up today on account of the  
rain. In some places the side walls  
had caved in and then the tunnel  
had filled up with water and in other  
places the water stood as high as 5  
feet. Work with the sewer gang was  
also held up on account of the depth  
of the water in the ditches.

Pete Nelsons Ford had a good  
bath but it proved costly to Pete as  
it would not start and had to stand  
by the tunnel for the remainder of  
the night. However, it is expected to  
be all right in a few days.

**Daddy's Bedtime  
Story—**  
The Prince  
Finds a Slipper  
On the Stair.

[Adapted from Grimm's Fairy Tales.]  
"O H, daddy, please tell us a fairy tale!" cried the children.  
"I will tell you what happened when Ashputtel dropped her  
gold slipper on the stairs as she ran away from her prince. The  
prince took it to her father and said, 'I will take for my wife the  
lady whose foot this slipper fits.'  
"Then Ashputtel's stepsisters were glad, for they both believed they could  
wear the slipper. The eldest sister went into the room where the slipper was,  
and when she could not get her foot in her mother said: 'Take a knife and cut  
off your big toe. When you are a queen you will not need to walk.' So the  
silly girl cut off her toe and squeezed her foot into the slipper. But on the  
way home with his bride the prince had to pass the hazel tree Ashputtel had  
planted. On its branch sat a bluebird that sang:  
"Back again! Back again! Look to the shoe!  
The shoe is too small and not made for you!  
Prince, prince, look again for thy bride,  
For she's not the true one that sits by thy side!"  
"Then the prince looked at his bride's foot and saw blood trickling from it.  
So he took her back home and said, 'Let the other sister try the slipper.' But  
her heel was too large, and her mother squeezed her foot till it bled. On the  
way to the palace the prince heard a bluebird singing the same song as before.  
When he looked down blood was streaming from this sister's foot.  
"So he turned his horse back and said to her father, 'Have you no more  
daughters?' There is only little Ashputtel, my first wife's daughter. Surely,  
she isn't the bride!"  
"But the prince wanted to see her. So Ashputtel washed her hands and  
face, came in with a courtesy and reached for the gold slipper. She took off  
her clumsy shoe and slipped her foot right into the gold one.  
"Then the prince looked at her and cried, 'This is the right bride!'  
"So he put Ashputtel on his horse and rode away with her, while her two  
stepsisters and her hard hearted stepmother stood watching them angrily. And  
as they rode under the hazel tree the bluebird sang:  
"Home, home! Look at thy shoe!  
Princess, the shoe was made for you!  
Prince, prince, take home thy bride,  
For she is the true one that sits by thy side!"

**Gossip Of The Campers**

The campers are none the worse  
for the storm. All were talking of it  
this morning.

Everybody was trying to get home  
this morning to learn how severe the  
storm was outside of Dixon. Because  
the wires were out of commission few  
were able to get information.

During the worst of the storm Amos  
Helms entertained the hotel guests  
with several vocal solos. Amos is a  
versatile young man.

With the aid of Helms and his  
flashing light the chief of the press  
bureau was able to get over to the  
city last night.

Surgeons Discover Woman's Trouble  
While Performing an Operation.

Danville, Ill., Aug. 11.—While sur-  
geons at St. Elizabeth's hospital were  
operating upon Mrs. James Pearson  
of Gessie, Ind., they struck wood when  
they started to remove her appendix.  
Later it was found that a toothpick  
which had entered the appendix was  
the sole cause of her ailment.

She was taken seriously ill and the  
trouble was diagnosed as appendicitis  
and she was rushed to this city in an  
automobile. Mrs. Pearson has no recol-  
lection of having swallowed a full-  
sized toothpick such as was removed  
from her.

**ENJOINS BAN ON MUNITIONS**

Federal Court Upsets Order Issued by  
Jersey City Commission.

Belmar, N. J., Aug. 11.—A prelimi-  
nary injunction restraining the Jersey  
City commissioners from enforcing an  
embargo on shipments of munitions by  
railroads, which resulted from the re-  
cent disastrous Black Tom explosion,  
was granted by United States Judge  
Rellstab at his home here.

He held the action of the commis-  
sioners to be illegal and that sole  
power to regulate the shipment of mu-  
nitions was vested with the interstate  
commerce commission.

**The Robinsons.**  
Rev. A. T. Robinson pleased a  
large audience at 10 this morning  
with his lecture, "Squaring the  
Boy," and at 11 Mrs. Robinson en-  
tertained another large audience with  
her discussion of "Russia and Its Is-  
land Prison."

**Afternoon Program.**  
W. C. T. U. day brought many to  
the Assembly this afternoon. The ad-  
dress by Prof. Chas. Scanlon, "The  
Battle of the Ages," was a masterful  
effort, well handled, and while not  
giving many new thoughts he hand-  
led his subject so well he held his  
audience from start to finish.

Prof. Alvin M. Thatcher sang sev-  
eral songs before the lecture and  
made a decided hit. He has a magnifi-  
cent bass voice and filled the auditor-  
ium with music. Mr. Thatcher is one  
of the best platform singers on the  
platform today.

**Sterling Day.**  
Saturday is Sterling day and with  
it come Walker's Fisk Jubilee Sing-

## THE MYSTERIOUS FOE

A Series of Stories About Some Illinois Men, Women and Children.  
Issued by the Illinois State Association for the Prevention of Tuberculosis

NINTH EPISODE.

Baby Ruth is a pretty lively youngster. She has just had a birthday and it was properly observed. In fact she had a party, her very first.

For some reason, Ruth's mother has seen fit to raise her baby "on the bottle."

And so, at intervals more or less regular, the bottle which you see in the picture, is filled with a milky fluid and then Ruth gets busy.

But she has to rest sometimes during the meal and the artist drew this picture during one of the rest periods.

An inquisitive fly happened there at the same time and it proceeded to get a quick lunch from the nipple which Ruth had just removed from her pretty little mouth.

When the fly sat down on the nipple, several thoughts came rushing through the mind of the man who was there to draw Ruth's picture.

He remembered seeing a lot of flies sampling some spit on the sidewalk just outside, cast there possibly by someone who had consumption or some other disease.

And then he recalled the swarm of flies he had noticed about an open garbage can.

He remembered a visit he had made recently to the laboratory of a friend who was something of a scientist and how he had been surprised when he saw the legs of a fly under the microscope. On each leg a gummy substance was revealed and to this gummy substance, was sticking a mess of stuff that the fly had evidently walked through recently.

All of which made the artist wonder where the fly, which had just sat down on the nipple of Ruth's nursing bottle, had come from.

Did it sail in to call on Ruth, just after it had taken a bath in the spit cast forth by a consumptive? And if it had, how much of the repulsive mess would it leave on the nipple, which Ruth is about to return to her sweet little mouth?

Baby Ruth is only one of many thousand babies who are being infected early in life with the dreaded tuberculosis.

If she lives to figure things out for herself, she will wonder why such things are permitted.

## OVER FOUR INCHES OF WATER FELL

(Continued from Page 1)

tral was blocked by dirt washed down from the North Western viaduct and all trains had to pass through Dixon over the west passing tracks. The Central also had many poles and wires blown down, greatly hampering the dispatchers.

### Telephone Co. Suffered.

Manager Pitcher of the Dixon Home Telephone company, characterized the disturbance as the worst summer storm the company ever experienced, damage estimated at about \$1500 being done. The lightning did not cause much damage, but lines and poles were destroyed in all parts of the city by heavy trees being blown onto them. The worst localized damage to the phone lines was at the intersection of First street and College avenue, where several trees blew over onto the cable, breaking off poles and throwing the cable against the S. D. & E. trolley wire. As a result the cable was burned out by the high voltage of the trolley.

### Toll Lines Suffered.

The toll lines suffered badly, also. This morning every line east and south of Dixon was out, while but two lines north and west were working. Mr. Pitcher expects all damage will be repaired by Monday or Tuesday.

### L. N. U. and S. D. & E.

The L. N. U. and S. D. & E. suffered in much the same manner as the Dixon Home Telephone company, falling trees breaking their lines in all parts of the city. As soon as possible the companies had men at work cutting off wires that were down and stationing guards to warn passersby of live wires.

### Street Cars Tied Up.

Street cars were completely tied up by the havoc, and as a result the taxi lines were rushed to capacity.

### Many Trees Down.

Hundreds of trees were blown over onto dwellings, and although in no individual case is the damage great, the total loss caused by overturned trees will run into hundreds of dollars. In many cases porches and roofs were damaged by trees crashing into them and scores of Dixonites were forced to cut away parts of trees to get into their homes.

### Some Trees Uprooted.

A number of sturdy trees, which the gale could not break, were torn out by the roots. In front of the home of Mrs. Melinda Shank, 303 Galena avenue, a huge box elder, which has stood there longer than the oldest inhabitants can remember, was torn out by the roots, the lower growth of the tree tipping the concrete sidewalk up on end as it tore loose from the ground.

### Streets Blocked.

Hardly a street in Dixon was not blocked during the evening hours by trees and branches. From every part of the city came reports of monster trees being blown down, completely shutting off the highways.

### Some Lightning Damage.

Although the electrical element of the storm was severe, exceptionally small damage is reported from the "juice." The top of the elevator shaft on the Dixon National bank building was struck, small damage being sustained. The E. C. Smith school house was slightly damaged and a porch on the Claude Trumble home on Ninth street was struck and torn off; several cases of minor damage are also reported.

### Silo Was Struck.

A new silo on the Joe Atkinson

farm was struck and demolished by lightning and insurance agents report a number of cases in which one, two and three head of cattle were killed by bolts.

Scores of chimneys were blown off and in low places the flood floated crossing approaches and wooden sidewalks off their foundations.

### Baker Building Damaged.

The Baker building on Galena avenue was partially unroofed by the wind and water which flooded the building badly.

### Basements Flooded.

The rubbish and dirt which had been allowed to accumulate on the streets of the city during the summer were responsible for many flooded cellars, for when the four and one-tenth inches of water fell the catch basin inlets clogged up with floatage and in a short time the flood was pouring over curbs and sidewalks into basements.

### Windows Blown In.

Two windows in the Masonic Temple were blown into the street and the peanut stand that stands just below the Dewey hotel was blown onto the sidewalk, but no damage resulted. The large front window of the Downing grocery store was blown out by the wind. The skylight in the Soda Grill was broken either by the wind or by a falling brick from the Dixon National bank building.

Frank Farnum's cleaning and pressing shop was flooded with water but was swept out before any damage resulted.

### Bridge Washed Out.

The bridge over the Rock Island road below the C. & N. W. viaduct at the Hill school house was washed out. Several accidents were narrowly averted and in one case an automobile ran to the verge of the bank before it was discovered that the bridge was out.

### Barber Shops Flooded.

Resek & Bales barber shop was flooded with water but no damage was done, although three men were kept busy sweeping water out to the drain.

Charles Myers' barber shop contained 17 inches of water after the storm subsided. The cause of so much water was the poor condition of the sewer as it backed up and the water poured into the barber shop. The entire walls will have to be repainted, but as yet the damage has not been estimated.

A portion of the roof of Paul Lord's shop was torn off, but there was no other damage.

### Cement Plant Struck.

The cement factory office was struck by lightning and for a time it was thought the whole factory suffered as cement flew every way. It was later learned that no damage resulted.

### Many Chickens Drowned.

Many chickens were caught in the rivelets throughout the vicinity and drowned, the loss being especially large among the broilers.

Huntington, W. Va., Aug. 11.—A report has been received here to the effect that Jarrolds Valley, a town of 500 inhabitants in Boone county, at the head of the Coal river, was washed away in a cloudburst and that seventy-five of its inhabitants had lost their lives.

That section of Jarrolds valley between Fields and Joeg creeks was swept clean by the waters, according to reports here. It is said that at least 500 houses were washed away. Inhabitants had no warning of the approach of the water, and it is believed the loss of life may be even greater than that on Paint and Cabin creeks.

### Thousands Face Starvation.

More than 2,000 residents of the valley are perched on the hilltops, the majority of them without sufficient clothing and all of them in danger of starvation. Because of the isolated nature of the section, relief will be slow in reaching there than in other affected sections, and fears are felt that many of those saved from the flood will perish of starvation.

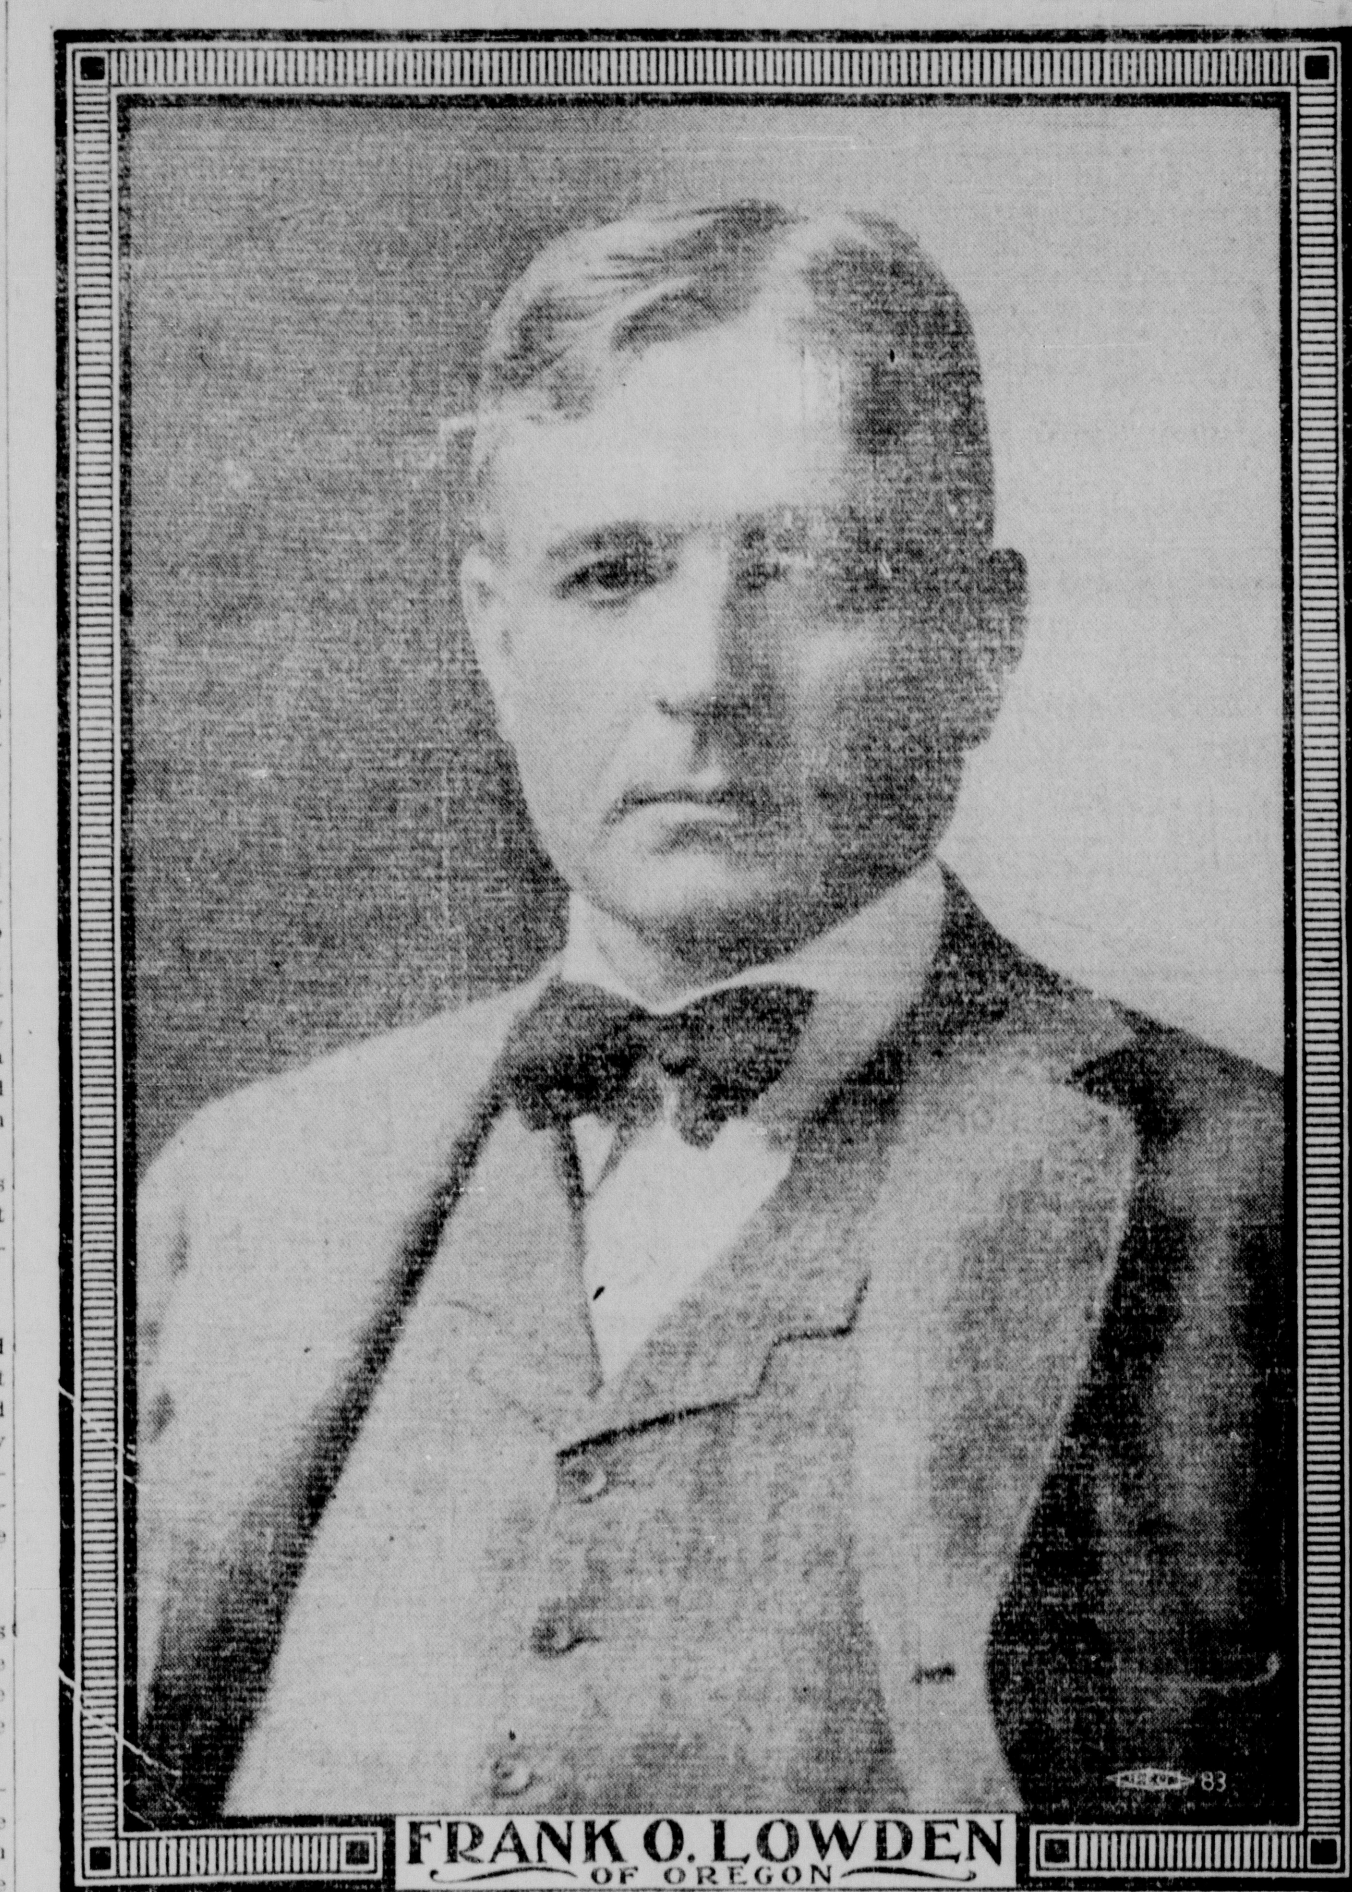

### Recover 23 Dead in Flood.

Charleston, W. Va., Aug. 11.—Twenty-three bodies have been recovered from the debris carried down by the flood which swept the Cabin creek valley. Rescue parties have penetrated some distance above Cabin creek junction and meager reports brought by couriers and from the railroads indicate that the loss of life has been heavy. Persons driven from their homes to the mountains are returning to find whole villages of mining cabins swept away, while distress and suffering is seen on every hand. The property loss is estimated at \$2,000,000.

Two companies of the Second West Virginia infantry left Camp Kanawha by trolley and were taken to Cabin Creek Junction with orders to penetrate the valley and extend relief to all who needed it. They carried provisions and tents.

Soon after 11 o'clock the soldiers reached Ronda, where headquarters were established, and from that point the relief work will be carried on. At that hour an estimate of the dead remained at 100, but it was admitted this figure was only an estimate.

John C. Vanetta of Brookston, Ind., was here Thursday transacting business.

## RUPTURE

Don't Suffer With New Discovery That Cures.

Rupture is a progressive ailment. No standing still for this dangerous affliction. You have got to get better or worse. Unfortunately the vast majority of ruptured people get worse instead of better. This is partly due to the fact that there is so very little real knowledge pertaining to rupture known to the public. Most ruptured people depend on unscientific advice and trusses that are worse than useless. It is strange that an affliction which incapacitates a man from fifty to eighty-five per cent and which is next to tuberculosis, the most prevalent disease of mankind, should be so little understood. It is only within a few years that real scientific facts have been applied to holding ruptures. From now on, ruptured people who are wise enough to quit depending on unscientific methods will get better instead of worse and a ruptured person will be as capable as one not so afflicted.

Dr. Dillon was a caller in Harmon Monday on business.

John Blackburn of Marion was a caller in Harmon Monday.

Wm. Giblin was a caller in Harmon Monday.

**Confiding in Her**

A local preacher who was in the habit of taking his wife with him to his preaching appointments said on arrival at the chapel: "My dear, you go in there; you will be all right. I must go round to the vestry."

In the vestibule the wife was met by a kind hearted steward, who after giving her a hearty welcome and a hymnbook, conducted her to a comfortable seat. At the close of the service the same kind hearted steward gave her a hearty shake of the hand, adding how pleased he would be to see her at the service each Sunday.

Then, whispering, he said: "But let me tell you, we don't get a duffer like this in the pulpit every Sunday."

**STANISLAU FALL REPORTED NEAR**

Big Russian Gns Are Battering Galician Stronghold.

SLAYS ARE 6 MILES FROM CITY

Czar's Forces Continue to Make Important Gains—Under Brussloff 402,000 Teutons Have Been Made Prisoners Since June Offensive Started—Berlin Reports Foo Is Checked.

Petrograd, Aug. 11.—The town of Stanislaw in Galicia is already within the range of the Russian guns. General Lotchitzky, losing no time in following up his victory at Tysmenitsa, has pushed westward along the railroad and northward along the wagon road, and in the latter direction has approached to within six miles of Stanislaw.

Simultaneously he has announced a drive across the Koropice river and the formation of a new line of advance north of the Dniester.

Stanislaw, the immediate objective of Russian operations in southern Galicia is on the Lemberg-Kolomea railroad, seventy-five miles southeast of the Galician capital. Its capture menaces Lemberg, the objective of the Brussloff campaign.

Von Bothmer in Danger.

Hitherto General Count von Bothmer had enjoyed more or less protection for his right on the Tanopol position from the flooded Dniester. The appearance of an offensive north of the Dniester, which has already carried the Russians as far west as the crossing of the railroad at Nizhny, twenty miles east of Stanislaw, injects an entirely new element into the situation.

With Monasterzytska seriously flanked, General von Bothmer finds himself with General Lotchitzky in the rear of his advanced position along the Stipa and in close touch.

The counting of General Lotchitzky's prisoners during the ten days' operations shows that he has taken upward of 15,000, and it is estimated that 10,000 more men were put out of commission. This would bring the grand total of prisoners to General Brussloff's credit since early in June to 402,000.

Slav Advances Blocked.

Berlin, Aug. 11.—Heavy attacks have been made by the Russians at various points along the Stokhod line in Volhynia, east of Kovel, the war office announced. All the Russian advances were repulsed with heavy losses, it is declared.

Wants Peace Terms.

Amsterdam, Aug. 11.—A telegram from Budapest says that Count Michael Karolyi, leader of the new independence party, speaking in the Hungarian chamber of deputies, asserted it would be in the interests of peace if the government would make a declaration in regard to the war aims of the monarchy and the conditions demanded for terminating the struggle.

**VON HINDENBURG CURTAILED**

Supreme Command of Veteran Lasts Only for Few Days.

Berne, Aug. 11.—After being in supreme command of all the armies on the east front, the power of Field Marshal von Hindenburg was curtailed, according to a dispatch received here setting forth hidden passages of the military history of the central powers. Emperor Franz Joseph of Austria was persuaded to give over the control of the Austro-Hungarian armies in the eastern theater to von Hindenburg, and on Aug. 3 the German Field Marshal assumed absolute command.

After a few days the armies in the southern half of Galicia were taken out of the control of the German general and placed under Archduke Karl Franz Joseph.

**GUARDS ARE IN FINE HEALTH**

Sick Percentage of Militia 1.14; For Regulars 2.45.

Washington, Aug. 11.—The war department gave out statistics showing for the first time that the total strength of the national guard on the border is 95,500 men. The per cent of sick among the guardsmen is 1.14. There were no deaths during the week ending August 5.

The war department's statement gives the total of the regulars as 49,722 men, with a percentage of 2.45 sick and six deaths for the same period.

**FRENCH AND BRITISH GAIN**

Operations on Western Front Reported Hampered by Rain.

London, Aug. 11.—Further ground has been gained by the French and British on the Somme front and north of Pozieres, although rain and fog are hampering operations.

North of the Somme the French gained ground near the Hem wood, while the British made progress northwest of Pozieres.

**DUNNE'S RULE IS COSTLY TO STATE**

HAS BEEN EXTRAVAGANT AND INCOMPETENT — TAXES GO HIGHER EACH YEAR.

When Edward F. Dunne was campaigning over Illinois four years ago, seeking election to the office of governor, he was loud in his promises as to what was going to happen in the event of his election. In every county in the state, from Cairo to Galena, he denounced Republican extravagance and solemnly promised the people that when he became chief executive there would be a reduction in legislative appropriations, lower taxes and general reforms, all along the line. There is a vast difference between Democratic promises and performance, however, as the taxpayers of Illinois have learned to their sorrow.

Figures, which do not lie, show that Edward F. Dunne has miserably failed to keep his promises to the people and has proved a most expensive luxury as governor of Illinois during the past four years. Every man who pays taxes has been forced to realize of this fact, for his tax bills have mounted higher and higher with each succeeding year of the Democratic Dunne regime, with no increased efficiency in the public service to compensate for it.

The last state tax rate was 55 cents on the \$100. For the past three years it has averaged 57-2-3 cents on the \$100 under the administration of the Democratic governor, Mr. Dunne, who was so profuse with promises four years ago.

For the preceding four years the state tax rate averaged 35 1/2 cents on the \$100 under a Republican governor. The legislature of 1905 appropriated \$16,000,000 for the state's expenses for two years; the legislature in 1915, under Governor Dunne's administration, appropriated \$46,000,000 for the state's expenses for two years. The per capita rate was \$3 in 1905 and it was \$7.05 in 1915.

What have the people to show for this vast increase in state expenditures?

The Dunne administration has been characterized by the grossest incompetency and inefficiency and most reckless extravagance, with a deficit in practically every department and state institution at the close of each fiscal period.

Another four years of Dunne rule would bring a practically prohibitory state tax rate and the commonwealth of Illinois to the verge of bankruptcy. The best proof of what Democracy has cost this state is to compare your old tax bills for the past six or eight years.

The record has been made and it shows for itself. This is one case where there is no chance for the Democrats to go behind the returns.

The voters of Illinois will blot out the extravagance and the mistakes of the present Democratic administration by electing a Republican governor on November 7th, next.

**HAM LEWIS ARRAIGNS WILSON'S POLICIES****ILLINOIS SENATOR SAYS AMERICA HAS NOT ONE FRIEND IN ALL NATIONS OF THE WORLD.**

Senator James Hamilton Lewis of Illinois, Democrat, made as severe an arraignment of the Wilson administration and its foreign policies, in a recent speech in the senate, as has been heard in the upper branch of congress during the present session. From the Congressional Record of July 17, this paragraph from Senator Lewis' speech is taken:

"Sir, one truth must be expressed, and to my eminent friend, the able senator from Idaho (Mr. Borah), I voice it, as I do here in the presence of the senate, why not tell America the truth—that America has not one friend in all the nations of the world? If tomorrow she should become involved in conflict, there is not one nation on the earth from which she could feel the right nor could enjoy the hope of aid and assistance. She stands alone from every point of view, an island now between seas and a people surrounded by their opponents."

Senator Lewis' arraignment of the Wilson foreign policies and what they have cost this nation is in line with that recently made by Secretary of State Lansing, touching the outrages upon American citizens and American rights and interests by the Mexican government, which has been commented upon generally by the press of this country as the most telling criticism made against the Mexican policy of the administration by anybody from any source.

Even Democrats, high in office, to relieve their conscience, must occasionally confess the truth about the blunders of the Wilson administration. They probably realize that an occasional confession of one sort or another is good for the soul.

The maladministration of the affairs of the various penal and charitable institutions of Illinois under Governor Dunne must be explained to the satisfaction of the people, and in the words of a famous cartoonist: "It can't be done."

Meals adds to your comfort. It is one of the best foot powders on the market. Price 25c. Sold by all druggists.

**BACKING UP PROOF**

THE KIND THAT DIXON PEOPLE CANNOT DENY

Many an earnest Dixon man or woman has publicly endorsed Doan's Kidney Pills.

Week after week, month after month, you've read their statements. Would these Dixon people recommend any medicine if it were not good?

Would they confirm and repeat their statements after years had passed?

Local proof is good evidence. Testimony confirmed years after is better evidence.

The following Dixon man's statement leaves no room for doubt. It must convince every kindred sufferer who reads it.

If your back aches—if your kidneys are weak—profit by Mr. Walford's experience:

W. Walford, blacksmith, Peoria Ave., Dixon, says: "The kidney secretions were irregular in passage. My back ached too. I used several boxes of Doan's Kidney Pills and the pains left my back and my kidneys became regular in action." (Statement given May 21, 1912.)

NO TROUBLE SINCE

On January 21, 1915, Mr. Walford said: "I have had no kidney trouble at all in the past few years and I give the credit of my cure to Doan's Kidney Pills."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walford has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

### The BARGAIN COUNTER

Merchants to Their Patrons

#### ANNOUNCEMENT.

Samuel J. Wheaton, Republican  
candidate for Coroner of Lee County,  
Steward, Illinois. Subject to Republi-  
can Primaries.

#### ANNOUNCEMENT.

I hereby announce myself as a Re-  
publican candidate for the office of  
Coroner of Lee Co., subject to the  
action of the Republican voters at the  
primaries Sept. 12, 1916.

1881 F. M. BANKER.

#### TRIANGLE IN GIRL'S SHOT

Secret Marriage of Superior, Wis.,  
Teacher Who Shot Doctor Revealed.

Superior, Wis., Aug. 11.—Helen  
Stewart, the Superior teacher charged  
with shooting and probably mortally  
wounding Dr. John G. Barnsdale here  
late Tuesday, was secretly married  
at Virginia, Minn., in July, 1915, to  
G. Milward Smith, son of George M.  
Smith, prominent Duluth railroad  
man.

The fact was disclosed when the  
authorities, at the request of the  
young woman, obtained the marriage  
certificate from Dr. Barnsdale's safe,  
to be used as "evidence." The police  
have not determined whether the mar-  
riage has any connection with the  
shooting.

#### WARBURG SUCCEEDS DELANO

W. P. G. Harding Takes Hamlin's  
Place on Reserve Board.

Washington, Aug. 11.—W. P. G.  
Harding was designated by President  
Wilson as governor of the federal re-  
serve board to succeed Charles S.  
Hamlin, and Paul Warburg was named  
vice-governor to succeed Frederic A.  
Delano. The designations are for one  
year.

Mr. Hamlin has been governor and  
Mr. Delano vice-governor since the or-  
ganization of the board. Their terms  
have just expired.

#### OUR MODERN TEMPLES OF WORK

While in other days popes and  
princes built churches and palaces  
which are still the wonder of the world  
today commerce and industry are do-  
ing work equally impressive. Our  
modern mills and docks and canals  
and bridges are even more wonderful.  
They are our triumphs of art, and yet  
hardly any one records their building.  
We are so familiar with these master-  
pieces before our eyes that we pay  
no attention to them. We make few  
if any records of our greatest monu-  
ments, our greatest triumphs in engi-  
neering and architecture which are far  
more amazing than the work of the  
past, and quite as well worth record-  
ing.

The mills and docks and canals  
and bridges of the present are more  
mighty, more pictorial, and more prac-  
tical than any similar works of the  
past; they are the true temples of the  
present. Our mills are as well worth  
painting as medieval churches; Minne-  
apolis is as fine as Albi.

But it is in the Northwest that the  
results of necessity and rivalry are  
most evident. At Sault Ste. Marie the  
government has built a series of locks  
which are as fine and pictorial as the  
locks at Panama, and when in the eve-  
ning the huge bridge parts, and rises  
against the setting sun, and the great  
ore boats slowly steam by, there comes  
to pass a transfiguration that no  
painter could imagine—the apothe-  
osis of America. And who would  
conceive anything so arresting, any-  
thing so typical, as the "jaws," with  
their fierce teeth, of the Twelfth  
Street Bridge at Chicago? Go to Gary,  
or Indian Harbor, or any one of a hun-  
dred places in or around our western  
metropolis, metropolis, and the mystic  
metropolis, and the mystery, the might  
the majesty of the Wonder of Work  
will overwhelm you—if you can see it  
—and if you can see it, you can see  
America.

It is subjects like these that make  
the Northwest so fine, so American;  
yet there are others just as fine, and  
absolutely different, all over the coun-  
try. They are noble just as the tem-  
ples, the pyramids, the cathedrals are,  
for this art is the expression of our  
time and our aims just as the tem-  
ples and castles were of other times.

No artists recorded the building of  
those temples for their own sake, for  
they were always to be seen. So today  
only a few artists pay any heed to this  
Wonder of Work around us. A wonder,  
too, which will soon be gone, for with  
the development of electricity the mys-  
tery will vanish, and with every new  
development in manufacture the pic-  
turesqueness of chimney, converter,  
and crane will disappear, and in a few  
years there will be nothing but mean,  
low masses of trim masonry with no  
effect about them—as worthy of com-  
parison with the marvelous, mysteri-  
ous masses of today as a claspboard  
meeting house is with a cathedral—  
Harpers Magazine.

#### Save the Children's Teeth

Too much stress cannot be laid  
on attention to the first teeth. Parents  
are too often ignorant of how much  
the health of their children depends on  
the treatment given the deciduous  
teeth and say, "When the second set  
comes in we will see that the children  
have regular periodic examination and  
attention." Very often the first teeth  
are pulled instead of being filled,  
though just as much vigilance should  
be expended on them as though they  
were permanent teeth.

Do parents realize that it is neces-  
sary for the first teeth to be saved as  
long as possible, until the contour of  
the face and lines of the features be-  
come fixed? The health and regular-  
ity of the permanent teeth depend  
largely on the heed given to the "baby"  
set. The beauty of your child, the  
health of your grown son or daughter  
may be made or marred by your knowl-  
edge or ignorance on this important  
point. Childhood is the impression-  
able age, and if children are taught  
the importance of properly caring for  
their teeth it will become a habit that  
will last through life and save suffer-  
ing and expense.—Leslie's.

It's always safe to name a baby boy  
William. If he becomes a good boy  
people may call him Willie, and if he  
doesn't they can call him Bill.

The wise man turns up his sleeves  
and goes after a job, while the fool  
sits around and waits for the job to  
come to him.

History spends half its time in re-  
peating itself, and the other half in  
getting itself revised.

"Safety first" is a good motto, but  
too many people wait until it's too late  
to be careful.

A pessimist likes a thing he can't  
enjoy, and an optimist enjoys a thing  
he can't like.

Most men would be content with  
their lot—if it were a lot of money.

But too many people get into an ar-  
gument who have nothing to say.

Even a color blind man can tell a  
greenback when he sees it.

It's as difficult to find a friend as it  
is to lose enemies.

A grouchy man thinks he laughs  
best who laughs least.

The rolling stone never takes a  
straight course.

It is easy for a man to be popular  
if he is easy.

#### CUTTING DOWN EXPENSES

"Jane Ann," the husband sternly  
cries, "we simply must economize. To-  
day I got the grocer's bill, and I ex-  
perienced a chill. You're buying all  
expensive stuff when cheaper things  
are good enough.

"You've blown yourself to fruits and  
jams, and bottled goods and fancy  
hams, imported raisins, prunes and  
peas, and costly slabs of sweitzer  
cheese. There is no sense in that, say  
I, when cost of living is so high. I  
strive and struggle in the mart, and  
break my galluses and heart, to have  
some roubles put away against the  
cold and rainy day. But what's the  
use? A reckless wife will nullify man's  
toil and strife.

"In olden times the housewife made  
such things as jam and marmalade.  
She did not to the grocer chase for  
costly things, to feed her face. My  
sainted mother made preserves—I  
wish you could watch her curves. She  
bought tomatoes by the crate, and  
made our catsup, simply great. She  
filled the cellar shelves each fall with  
stuff she canned from wall to wall,  
and when we wished some pickled  
greens, or prune preserves or jellied  
beans, she pulled a package from a  
shelf—the real hot stuff she canned  
herself.

"The modern housewife never tries  
in that way to economize. She loafs  
around the house all day, and reads  
the works of Bertha Clay, or writes a  
paper for her club, and orders pre-  
digested grub. This sort of thing will  
have to cease, as sure as you're your  
uncle's niece. I dread the poorhouse  
day by day, it's but a few short versts  
away, and if you don't cut down our  
bills, full soon we'll jaunt across the  
hills, to that abode of grief and care,  
and with the paupers sit and swear."

We see him later at the bar where  
all his thirsty cronies are; he's say-  
ing, generous and free, "Step up here,  
boys, this round's on me."—By Walt  
Mason from Judge.

#### Health Guyeds

To secure a smooth complexion, use  
sandpaper.

For indigestion, drink anything that  
will divert the mind.

Eliminate boils as soon as they ap-  
pear, using scissors or file.

For a sore toe, first cut off the toe.

When germs are present, kill them;  
saying yourself if possible.

For chills, hot air; for fever, ice,  
for sweats, a mangle.

All bad eyes should be replaced with  
glass. It is sanitary.

If the throat is sore, remove tonsils;  
if still sore, remove the larynx;  
if that is not sufficient, examine thor-  
oughly and operate on the nose, ears  
or stomach as preferred.

Before an attack of appendicitis,  
examine bank account.

Gray hair is a boon. It may be dyed  
any color.

For a child prone to convulsions,  
try the movies.

If you are deaf you are unfortunate  
in not being able to enjoy the unne-  
cessary.

Nothing will break up a stiff joint  
like machinery. If, however, that  
should fail, employ either boiling or  
freezing.

For sore feet select only the best  
carpets.

An attack of neuralgia may be short-  
ened by removing so much of the ef-  
fected nerve. Repeat as often as de-  
sired.

The rest cure demands beds and  
couches instead of chairs, this being  
the most recent discovery essential  
thereto.

In sudden illness be sure to be frag-  
rant of whiskey. This will facilitate  
police diagnosis.

Don't insist on keeping your health  
all the time. It's stingy.—From Judge.

#### Reflections of a Bachelor

Keeping out of jail can make some  
men think they are honest.

What would be the use of a bad tem-  
per to a man if he didn't have a fam-  
ily to vent it on?

A girl never gets tired of dancing  
so that she can always get tired of  
helping her mother.

The higher the opinion you have of  
yourself the better it would be for you  
if some of it were deserved.

The only thing that seems to cost  
more than following somebody else's  
advice is following your own judg-  
ment.

She is indeed a wise woman who  
knows when to stop talking and turn  
on the flow of tears.

Some men get rich because of their  
ability to separate others from their  
coin.

Every time a man gets it in the  
neck he realizes how little he amounts  
to.

We all want to go to heaven—but  
there is no demand for rapid transit.

Probably more intellectual women  
would marry if they were asked.

Only a lucky man can afford to pose  
as a disbeliever in luck.

People who are too fresh are always  
getting into a pickle.

It's easier to land a husband than  
to keep him landed.

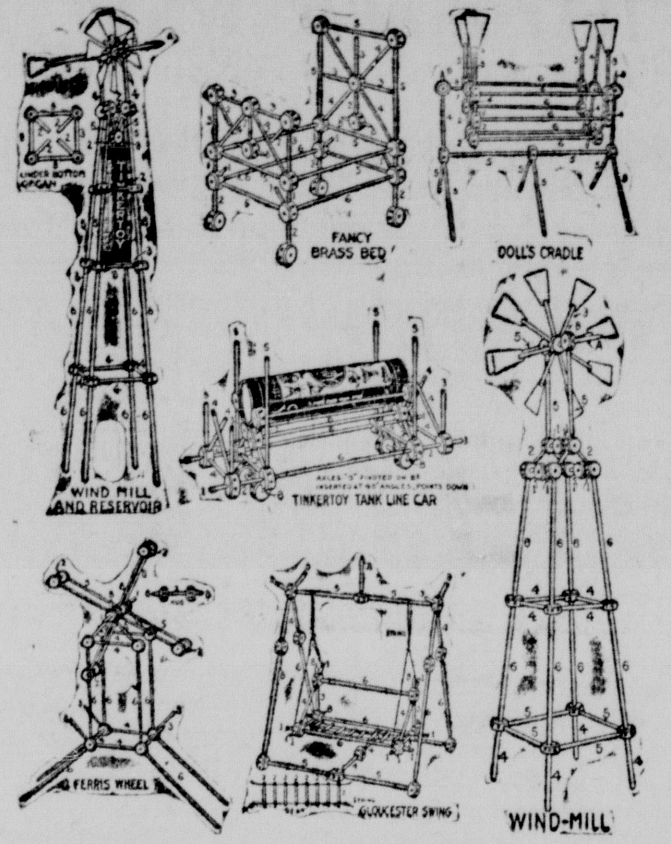

All married women travel under as-  
sumed names.

Troubles like babies, grow larger  
with nursing.

Laziness is born in a map; industry  
is acquired.

We have just received a new sup-  
ply of white paper for the bureau  
drawers and pantry shelves.
